

Announcing the new Water Well Assistance Program Through Region XII Council of Governments

Region XII Council of Governments has received funding through the USDA-Rural Development Utilities Division to provide assistance to repair or replace water wells for rural residential properties in Audubon, Carroll, Crawford, Greene, Guthrie And Sac Counties.

The assistance will be available as a 1% interest loan over 20 years. The program does have income limits that exceed the moderate income level. New home construction or connection to rural water may not be qualified.
